**STATEMENT OF SUBSTANCE OF INTERVIEW**

Applicants' representative would like to thank Examiner Boehler for extending the courtesy of a telephonic interview on August 18, 2005 to discuss this case. The following recordation of the substance of the interview is believed to be complete and proper, in accordance with MPEP 713.04. It is requested the Examiner notify the undersigned if the Examiner believes this statement contains any inaccuracies or if the Examiner believes this statement is otherwise not complete and proper.

Interview Participants: (1) Examiner Anne Marie M. Boehler; and (2) Applicants' attorney, John S. Parzych.

Agreement was reached during the interview.

No exhibit or demonstration was shown during the interview.

Claims 1, 3-14, and 29-32 were discussed during the interview.

No references were discussed.

Applicants' attorney and Examiner discussed the use of the term "posterior" in claims 1, 29, 31, and 32. In their discussion, Applicants' attorney explained that, in the context of the original disclosure of Applicants' application, Applicants have used the term "posterior" to mean "located behind a part", wherein "located behind" translates to "interior to". Examiner stated that she initially thought the term "posterior" was being used to mean "behind or to the rear of", but after hearing the above explanation, Examiner agreed with Applicants' counsel as to the meaning of the term "posterior" in the context of the original disclosure of Applicant's application.

No other pertinent matters were discussed during the interview.

Respectfully submitted,
